The Spencer Lions Club has donated a nine hole flying disc course to the town. Robert Maryyanek, Lions Club President, designed the course.

Lions Club members began building the course in the fall of 2006 and completed it in June 2007. The free course is laid out over 30 acres through the park woods. "The disc golf course was an opportunity to give something back to the public who have contributed to Spencer Lions events while making better use of the land surrounding Luther Hill Park". The course includes seven par-3 holes and two par-4 holes and provides an opportunity to walk in the woods and accept the challenge of throwing a flying disc, avoiding obstacles such as trees, to reach the next basket. Each throw is counted until the disc lands in the basket. Counting all throws, an individual should be able to complete the course in 29 throws, providing they don't hit any trees.

Thank You to all Lions and their families that participated in this years annual "Fight for Sight" walk that was held in May. A total of \$3325.00 was donated to MA Lions Eye Research from the Lions of District 33-A for 2006-2007. The 2007-2008 "Fight for Sight" Chairperson is Ermelinde Whyte, from the Mendon Lions Club. The walk will be held on May 18, 2008. Please continue your support this year as you have in the past.

Yours in Lionism,
RC Michael Lachance
